

Activity Planner

Individual goals

These sheets can be used to plan the goals associated with an activity for each child.

Each sheet has a small section to outline the activity itself followed by boxes to add the main goal for each child. To the side there are tick boxes for each area of learning covered by the activity

Lastly there is a space marked with a ✓ to note positives or what worked well, and a space marked with a ➡ to note any next steps or areas for development.

There are three available sheets with spaces for 4, 3 or 2 children respectively.

Activity Planning Sheet (Individual goals)

Date:

Brief description of activity/setup:

Primary goal for each child:

Name:

PSED	C&L	PD
M	EAD	UW
L
