

# Can you share it fairly?

- Adult or child can choose a number to write in the top right corner.
- Then child to count that number of items e.g. buttons for the top box.
- Finally, the child can investigate if the number can be shared fairly to the two bottom boxes.

(buttons are shown as an example  
– be sure to use risk assessed  
age-appropriate loose parts as  
you see fit)

Can you share it fairly?
