

In the Garden poem

Poetry writing frame to encourage use of descriptive words.

- Child to think of something they might see in a garden.
- Child (or scribing adult) to write the garden 'something' in the first rounded box and then think of three words to help describe the 'something' they thought of.
- *There is no need for the words to rhyme.*
- The green edged box is for an illustration.

Assist the child in performing their poem and enjoying the beauty of the language!

In the Garden by

In the garden I saw

Beautiful!
