

Summer Sun Lettering

Capitals/Upper-Case

This pack includes the upper-case letters of the alphabet with the last few pages including some common punctuation.

This pack is organised with one letter per page so that you can print only what you need.

When you print this PDF you should have the option to print more than one letter to a page which would allow you to make the letters smaller if desired.

p2-27: UPPER CASE letters

p28-33: Punctuation
